Exceptionally clean and well cared for this vessel is a true gem. The 350 Catalina was the most popular cruiser produced by Chris Craft. The Catalina's expansive interior accommodations are those of a much larger boat. With two staterooms and the galley in the salon makes this an excellent choice as a live aboard or costal cruiser. Wide side-decks make passage around to the foredeck easy and safe. Additional features include molded foredeck seating, a stall shower w/tub in the aft head compartment, good cabin headroom throughout, and a spacious engine room.
